

# QUEEN MARY SAILING CLUB

## TRAINING EVENTS INFORMATION 2017

QMSC is a **premier sailing and windsurfing** venue with **700 Acres of water**. Our elevated location means we catch any wind there is, which is generally clean and not disturbed. Our Clubhouse has been **recently refurbished**, and includes a licensed bar, galley, large modern changing rooms with hot showers, and an extended veranda with outdoor seating. All our equipment is professionally maintained by our team of full time staff.

We have three purpose built training rooms which can be used in wet clothing and each includes tables, chairs, whiteboards and heating. One training room is included free of charge for over 12 participants. If you would like additional training rooms then please just let us know. The Club is **centrally located** for ease of access by many sailors from the M3, M25 and M4.

### How to arrange your training event:

Please contact Julie Harrison, the Sailing Secretary, who will be able to check the availability of your preferred dates, and to book your event. As the event approaches we will contact you for more details and to confirm arrangements.
